Notifiable Infectious Diseases - There were 43 cases (19 males, 24 females) of Measles (excluding Rubella) and 8 cases of Whooping Cough (4 males, 4 females). There were no cases of Dysentery, Scarlet fever, Diphtheria, Acute Meningitis, Acute Poliomyelitis, Acute Encephalitis, Leptospirosis, Paratyphoid Fever, Typhoid Fever, Food Poisoning, Malaria, Smallpox, Anthrax, Ophthalmia Neonatorum, Yellow Fever, Tetanus, Infective Jaundice, Tuberculosis.

The Public Health (Leprosy) Regulations 1966 - No action needed.

Mental Health Services - Administered by the Radnorshire County Council.

Home Health Services and Old People's Welfare - No change.

Water Supply - The water supply authority is the Radnorshire and North Breconshire Water Board. The water supply of the area and of its several parts was generally satisfactory in quality and quantity, and the imposition of restrictions to consumption was not necessary. No action was necessary in respect of any form of contamination. 750 houses and other premises with dwelling accommodation (population 1960) were supplied direct from water mains, the remaining 22 houses (population 70) have private supplies. The supply from the Birmingham Aqueduct is fluoridated at source, but local supplies are not fluoridated. No action was taken by the Council on the fluoridation of water supplies. A report on the bacteriological examination of the private borehole supply to McConnell's Factory was unsatisfactory \angle Coliform bacille 18+, Bact. coli (type 1) 0/ but that at the point of consumption was satisfactory and indicative of good chlorination practice. Three unsatisfactory reports relating to a private supply and taken at the request of the owner were followed by extensive protective measures and improvements. Seven reports relating to the public supply were satisfactory.

Sewage - Normally the crude sewage is a little above average strength but during washing of the Livestock Market it is stronger. At present the recirculation process is intermittent because of certain technical difficulties which are under investigation, but additional land will be needed. Investigations, including effluent analysis, were completed, a scheme prepared and a private contract entered into for the partial pre-treatment of the Knackers Yard Drainage and its discharge into the public sewer.

Knacker's Yard - The management was satisfactory from the public Health aspect. There was no fly nuisance.

Refuse Removal - The scheme under which (except in special circumstances) householders carry their bins to collecting points worked very satisfactorily, as did the special service given for the removal of heavy and bulky items. Trade refuse continued to increase in bulk and variety. Disposal of toxic trade wastes was carefully controlled.

Civic Amenities Act, 1967 - The municipal dump was increasingly used to receive abandoned vehicles and rubbish from business and other premises.

Sports and Recreation - The new children's play area was opened and its subsequent success and popularity is highly gratifying.

Transport - No change. A bus stop and shelter were provided in Bowling Green Lane.

Street Lighting - No material change. A scheme for converting the remaining tungster lamps to sodium vapour lamps was prepared.

Highways Act, 1959 (S.40) - No action was necessary.

Road Safety - Roads Division Circular No. 19/69 - Effective road safety action on delegated unclassified county roads serving new private housing estates is severely hampered by inadequate finances, Farrington Lane being a case in point. In this particular instance the Radnorshire County Council and the Roads Division of the Welsh Office may well consider re-classification as the solution.

New Dwellings - The scheme of 8 council dwellings, Offa's Way was completed. The number of private houses, maisonettes and flats increased by 23. The first phase comprising 27 dwellings on the Laurels Site was underway.

Industrial Development - An extension to Motorway Remoulds Factory was begun.

Hospital - No change.

Health Department, Hospital and Family Doctor Services - Co-ordination and co-operation of the Radnorshire County Council's Health Department services with the Hospital and family doctor services, including attachment or liaison schemes between the Health Departments staff and family doctors. - Medical inspections of school children are carried out for the principal School Medical Officer. The dangers which hypothermia presents to the very young and elderly (Welsh Office Circular 117/70) are constantly in mind, the action taken by the Council to house elderly persons being some evidence of this.

Notification to Medical Officers of Health of Congenital Defects Apparent at Birth - None.

Health Education Activities - Are carried out by Radnorshire County Council Health Department.

Common Lodging Houses - None.

Public Conveniences - No change construction of the new toilets in Bowling Green Lane was in progress.

Schools - No change.

Housing Improvement Grants - 5 discretionary and 0 standard building grants were made.

The Offices, Shops and Railway Premises Act, 1963 - The number of registered premises at the end of this year were 10 offices 18 retail shops and 3 catering establishments open to the public and canteens, together employing 58 males and 75 females. 21 Registered premises received one or more general inspections. No special action was necessary.

Food Hygiene (General) Regulations 1960 - The food premises subject to those regulations comprise 4 canteens and snack bars, 3 restaurants, 4 confectionary, 5 grocery, 1 club, 1 hospital, 4 butchers' shops and 6 licenced premises. All those premises comply with regulation 16 requiring wash hand basins to be provided and with regulation 19 requiring facilities for washing food and equipment.

Ice-Cream (Heat Treatment etc.) Regulations, 1959 - No contraventions.

Meat Inspection - No slaughterhouses. Meat inspection at butchers' shops carried out. Refrigerators properly maintained and used. Compliance with the Code of Practice for the meat trades (Part I-hygiene in the retail meat trades, including cold cooked meats and meat delicatessen; Part II-hygiene in the transport and handling of meat and meat products) was generally observed.

The Liquid Egg (Pasteurisation) Regulations, 1959 - There are no egg pasteurisation plants in the district. No sample of liquid egg was submitted to the Alpha-Amylase test.

The Late Night Refreshment Houses Act 1969 - Administered by the Radnorshire County Council.

The Consumer Protection Act, 1961 - The Toys (Safety) Regulations 1967 - The Oil Heating Regulations, 1962, The Electric Blankets (Safety) Regulations 1971 - Enforceable by the County Council.

The Rag Flock and other Filling Materials Act, 1951 - There is no registered premises to which this act, orders and regulations relate, the only activities being the reconditioning of upholstery.

The Slaughter of Poultry Act, 1967 - There are no poultry processing or stunning premises within the district. Poultry is sold from 6 shops.

The Agricultural (Safety Health and Welfare Provisions) Act, 1956 - Sanitary conveniences on farms - No action required.

The Construction (Health and Welfare) Regulations, 1966 - No action was required.

Alkali etc. Works Regulations Act, 1906 - Metal Recovery Works - No action needed to prevent air pollution hazard.

Petroleum (Consolidation) Act, 1928 - All premises inspected in conjunction with the Fire Officer. It was necessary to require compliance with certain conditions of licence at 8 premises.

Dangerous and Dilapidated Structures - Six dangerous and/or dilapidated structures were satisfactorily repaired.

Scrap Metal Dealers Act - No change.

The Mines and Quarries (Tips) Act 1969 - The Disused Mine and Quarry Tips (Prescribed Forms) Regulations 1969 - Part I of the act imposes duties on mine owners and managers but does not place any responsibilities on, or give any powers to, local authorities. Part II relates to disused tips of mine and quarry refuse (including settling ponds or lagoons) and confers functions on the county council for the prevention of public danger.

Statutory Nuisances and Public Health (Recurring Nuisances) Act 1969 There was none due to noise. One due to dust was very satisfactorily dealt with. No action needed to prevent recurrence of nuisances. Several nuisances from blocked drains and the like were dealt with informally.

The Meat (Sterilization) Regulations 1969 - The arrangements for sterilizing meat delivered from the Knacker's to the Kennels were satisfactory.

The Clean Air Acts 1956 and 1968 - Knighton is not in a smoke controlled area. It was not necessary to reject plans of buildings or extensions to buildings, except residences, shops or offices, on the grounds of insufficient height of chimneys. No action was necessary under section 1 to prevent the emission of dark smoke. The model building byelaw to section 24 and requiring domestic appliances to be operable without smoke has not been adopted, but such appliances are installed in new dwellings and as conversions.

The Cinematograph Act 1909 and the Cinematograph (Safety) Regulations 1965 - The Radnorshire County Council is the responsible authority.

Demolition and Closing Orders - None made.

Rodent Control - Service unchanged. No statutory notices were required. Measures continue to be effective.

National Health Service (Family Planning) Act, 1967 - No change.

The National Health Service Act, 1946, Section 28 - No change.
